

Rough grinding wheel* 115x6x22,23, per box of 10 pcs.

652.34689646

This ONE grinding wheel, thanks to its softer design, is suitable for steel and stainless steel applications. Moreover, you can work quickly and comfortably with the grinding wheel, without requiring significant force. This tool is universally applicable and can be used for both surface and edge grinding. This product is particularly useful for pipeline construction and for circumferential grinding.
