

CERABOND-X Natural fibre disc for angle DISC-N 125 x 22 P 94 N C

658.34617421

The PREMIUM CERABOND X fibre disc is perfect for demanding grinding jobs on steel and stainless steel. Thanks to the ceramic grain combined with a unique bond system, these tools achieve a high stock removal rate over a long period of time. For coarse grinding applications on particularly hard surfaces, the fibre discs from the CERABOND X series are definitely your first choice.
