

Flap disc* 125x22,23 K80, for steel, per 10 pieces - PREMIUM**

654.817672

With this PREMIUM flap disc, you are ideally equipped for any use on steel. Whether surface grinding, edge grinding or deburring work - it delivers the best surface results in every situation. Thanks to the fibre glass cloth tube, the disc offers maximum stability and is therefore the perfect grinding tool.
Recommendation:
· Grit size 40/60 for high stock removal;
· Grit size 80/120 for fine machining.
