

Electro-hydraulic straightening/bending device PRM32 max. Ø32, 230V/50Hz

307.10027

Features:
· Portable bending and straightening machine with 180° rotating head.
· Equipped with rollers for bending bars Ø28-32mm.
· Rollers for bending smaller diameters can be ordered separately.
Technical information:
· Bending capacity: max. 32 mm - R=70kg/mm²
· Voltage: 230V / 50 Hz
· Power: 1100W
· Hydraulic power: 24.8ton / 550bar
· Dimensions (mm): 613x293x225
· Weight: 26,4 kg
· Shipment weight (with case): 38 kg
