

Electro-hydraulic straightening/bending device PRM32 max. Ø32, 230V/50Hz

307.10027

Features:

· Portable bending and straightening machine with 180° rotating head.

· Equipped with rollers for bending bars Ø28-32mm.

· Rollers for bending smaller diameters can be ordered separately.

Technical information:

· Bending capacity: max. 32 mm - R=70kg/mm²

· Voltage: 230V / 50 Hz

· Power: 1100W

Hydraulic power: 24.8ton / 550barDimensions (mm): 613x293x225

· Weight: 26,4 kg

· Shipment weight (with case): 38 kg
