

MSB16 Stirrup bending machine, max. Ø16mm (3ph. 400V/50Hz)

510.10620

Features:

- \cdot Stirrup bending machine designed to offer maximum efficiency when bending large quantities of stirrups.
- \cdot All the machines are equipped with an electrical panel with manual operation.
- · Thanks to the practical toolbox, the operator has all the necessary equipment for work at his fingertips, and can store them after finishing.
- \cdot The standard equipment includes a linear meter.

Bending tools included:

- · 2 bending rollers (Ø50-60mm)
- · 3 bending pins
- · 1 square bending pin
- · 1 counterholder with pin
- · 1 checking block for bending stirrups

Technical information:

- · RPM: 21
- · Motor capacity: 1.5 KW at 3φ 400V/50Hz
- · Max. bending capacity: $1\times\emptyset16$, $2\times\emptyset12$, $3\times\emptyset10$, $4\times\emptyset8$, $7\times\emptyset6$, $10\times\emptyset4$

 \cdot L×W×H: 80×70×96cm

· Weight: 184 kg
